Zalikowski was struck by one of the bullets and died in the ambulance on the way to the Emergency Hospital.

#### TWELFTH PRECINCT

At 2:45 p. m., July 18, 1922, Joseph Zielinski, 33 years old, of 205 Miller Avenue, while visiting at the home of

John R. Kwiatkowski, 31 years old, of 289 Rother Avenue, became involved in an argument with his host over some remark which he made about the latter's wife. Kwiatkowski ordered Zielinski from the house and followed him until they reached 305 Rother Avenue, where they commenced to fight. Kwiatkowski struck Zielinski and knocked him down. He fell on the running board of a standing automobile. The ambulance of the Emergency Hospital was summoned by witnesses, but the man was dead before it arrived. He died from a fractured skull. Kwiatkowski was arrested the following morning by Detectives Daniel P. Snyder and John T. Fagan and Patrolman Franklin A. Dreshler on a charge of manslaughter, first degree. The case is pending.

John Chrosniak, 30 years old, of 96 Hirschbeck Street, a striking street car man, was shot by Patrolman Elmer Sisson at 10:30 p. m., August 2, 1922. The victim was one of a gang of strikers who were throwing stones at a west-bound Sycamore Street car at Sycamore and Oberlin Streets. The officer was guarding the car and crew and when acid had been thrown in the face of the motorman of the car he shot into the crowd and struck Chrosniak. The wounded man died almost instantly. The motorman was removed to the Emergency Hospital suffering from acid burns. Medical Examiner Earl G. Danser held an inquest before Chief Justice Woltz of the City Court a few weeks later and the officer was exonerated.

### THIRTEENTH PRECINCT

Abraham Swerdloff, 36 years old, of 31 Grote Street, was shot at 4:15 a. m., August 28, 1922, in the dining room of his apartments by a burglar whom he had discovered in the act of burglarizing his furnishing store on the first floor. Swerdloff was removed to the Homeopathic Hospital, where he died at 10:00 p. m., August 30, 1922. A quantity of clothing taken from the store was found in the rear yard. No arrests were made in this case.

## REPORT OF THE POLICE SURGEON

---

In compliance with Rule 159 of the Rules and Regulations for the government of the Police Department of the City of Buffalo, I submit, below, report of the Surgeon to the Department of Police for the year ending December 31, 1922:

Died from injuries received in performance of duty:

Lieutenant Edward Steck.....	May 15, 1922
Patrolman Emil Woelffel.....	July 15, 1922

Died from natural causes and injuries received off duty:

Patrolman John Murphy.....	March 26, 1922
Patrolman Murt J. Schooley.....	May 3, 1922
Patrolman Michael Costello.....	May 5, 1922
Patrolman Florence Driscoll.....	May 19, 1922
Patrolman John A. Chisholm.....	June 5, 1922
Patrolman Michael Sheehan.....	July 15, 1922
Patrolman William Albach.....	Aug. 4, 1922
Desk Sergeant John P. Maloney.....	Aug. 7, 1922
Patrolman Louis Bloom.....	Oct. 1, 1922
Patrolman James Meegan.....	Oct. 23, 1922

During the year nine members of the department were granted pensions and retired from active duty. Of these four were for physical disability upon the recommendation of the Surgeon.

The total number of days lost as a result of illness and injury by members of the Department was 7,635. Of this 5,642 days was for illness; 1,211 days for injuries received while on duty, and 782 days for injuries received while off duty. In their care 2,632 visits were made by the Surgeon.

With practically the same numerical strength of the Department, we contrast 4,796 days lost (4.70 per man) in 1919; 5,966 days lost (5.88 per man) in 1920; 6,859 days lost (6.82 per man) in 1921; and 7,635 days lost (7.48 per man) in 1922. During the year no epidemic diseases existed to impair the ordinary health of the department.

A recent inspection of all station houses has been made. Generally, by repairs and interior decorations, the conditions have been improved. They still lack in general cleanliness. As recommended by the Prison Commission, the cell rooms are, with few exceptions, dark, badly arranged, without ventilation and unsanitary. This condition should be remedied.

Respectfully submitted,

EDWIN A. BOWERMAN,  
*Surgeon of Police.*

There are 27 motorcycles in use by the Motorcycle Squad, 13 of which are assigned to the east side, and 14 to the west side of the city.

## BICYCLES

There are 15 bicycles in use in the department, one bicycle to each of the fourteen precincts, with the exception of the Tenth Precinct, to which two bicycles are assigned.

## GARAGE

At No. 1 Garage we have a fully equipped repair shop to which four men are attached, to take care of the overhauling and repairs to automobiles. ## REPORT OF ELECTRICAL BUREAU

---

JOHN F. BURFEIND,

*Chief of Police.*

Sir:—In accordance with Rule 168 of the Rules and Regulations of the Buffalo City Police Department, I respectfully submit the annual report of this department for the year ending December 31, 1922.

During the year 1922 the electrical equipment of the Police Department was maintained and cases of trouble given prompt attention.

Following additions to the system were made: Burglar and emergency call systems connecting the Citizens Trust Company's branch banks with Precinct Station Houses 5, 8, 9, 12 and 13, protecting their West Side, William Street, South Park, Genesee Street and Black Rock branches. Additional telephones were also added to terminal telephone switchboard at Central Office, one to Fire Headquarters, one to the William Street Automobile Garage and one to the residence of the Chief of Police. There was also added, temporarily, during the street car strike, telephones to the following street car barns: Broadway, Main Street, Forest Avenue and Seneca Street.

On May 1st, Police Headquarters moved from the Law Exchange Building to the present location, which required moving the electrical equipment to the present building, and during this operation the electrical system was kept in operation without the slightest interruption.

The TELE-CALL system was installed at Headquarters during the month of August, and is operating satisfactorily.

The Flashlight audible signals in the Third, Seventh and Eighth Precincts, consisting of a 6-inch vibrating gong, is being replaced by a Benjamin electric horn, which will be a great improvement in the system.

The Patrol Signal System now in operation in the Second, Fourth, Fifth, Sixth, Ninth, Eleventh, Twelfth, Thirteenth and Fourteenth Precincts has been in service for 33 years, and consequently requires considerable attention, and will soon be in a serious condition and beyond control.

Storage battery elements were replaced in patrol circuits 2, 9 and 11. Pawnshop and clock circuits and our storage battery system is now in good condition.

Patrol booths were moved from the First Precinct Patrol Circuit to the following Precincts and locations:

Ninth Precinct: Seneca Street and Mineral Springs Road; Shenandoah and Abbott Road, and Mystic and Germania Streets.

Twelfth Precinct: Genesee and Doat Streets; Walden and Bailey Avenues; Theodore and Block Streets, and Bailey and Delavan Avenues.

Fourteenth Precinct: Parkridge Avenue, between Winspear Avenue and Highgate.

The twenty conductor underground cable between Headquarters and Clinton and Washington Streets is congested and all the conductors are in use. This is a serious condition and ought to be replaced by a forty conductor underground cable.

The aerial conductors are in good condition.

The Patrol Booth and Flashlight Standards do not appear very good on account of the lack of paint. They should have two coats of weather-proof paint on the exterior and two coats of paint on the interior of the booths.

The private branch exchange telephone switchboard was overhauled and the jacks, plugs and cords were renewed, putting the board in good condition.

Respectfully,

JACOB GRIMM,  
*Chief, Police Signal System.*
